A New World of Flavor,  
One Sprinkle Away.

## Seventh Heaven

A Japanese Craft Spice Blend.

Not just heat. Not just seasoning.  
A shift in how food tastes.

# What is Seventh Heaven?

Seventh Heaven is inspired by Shichimi Togarashi, a traditional Japanese spice blend.

It's about aroma before heat, and depth instead of sharpness.

With one sprinkle, familiar foods transform—not by adding a new flavor, but by revealing one you didn't know was there.

# Why Seventh Heaven is different

Made in small batches, entirely by hand  
No additives. No fillers. No shortcuts.

Try it on cheese. On eggs.  
On vegetables. Even on ice cream.
